KINGMAN MERC. CO.

A Unique Assay Outfit.

A few days ago while looking over the mining field in Aubrey district we had occasion to visit John Doyle's property, and he kindly initiated us in the mystery of his blowpipe assay outfit, in the manipulation of which he is considered supreme past master.

His weights are of his own manufacture as are also his pulp scales and bottom scales; he makes his crucibles out of bone ash, which he prepares, and moulds them with the neck of a bottle for a mould and shapes them with the round, glass stopper of a perfume bottle. His flux is the same as that used by assayers, but everything else, except the blowpipe, is original and all his own. The weights are made on the basis of a 25 cent piece for a quarter of an assay ton, and on gold and silver ores he claims he can come within a few dollars of the value of a ton of ore. When water is plentiful in the district he operates a small cyanide plant and makes enough money thereby to keep development work going, in a small way, on his mine. In the opinion of all who have seen this property it is considered a very valuable prospect.

The following lots of ore were worked at the Kingman Sampler this week. William Ridenour 30 ton Hackberry; Lew Blakely 5 ton, Aubrey district; Henry Lovin 5 ton, Stockton Hill; James Uncapher 5 ton, Keystone mine; Brobant & Burkhardt 5 ton, Keystone mine; Sample & Jimmeson 5 ton, Keystone mine; Manuel Valenzuela 5 ton; Carload ore from Oro Plata.

Old Man Johnson, who savagely assaulted a little squaw with a knife at the reservation near Hackberry, a few months ago, is very ill at the county jail. Confinement tells heavily on the aborigine and he readily succumbs to any of the prevailing diseases, especially consumption.

The Kingman Mercantile company is giving Kingman and Mohave county people the benefit of a bonafide cost sale. Everything is going at cost during this sale and if you want to lay in your winter's supply of provisions now is the time to make your purchases.

The officers at Needles are to enforce the game laws and hereafter any Needlesite who comes over to the Arizona side and kills ducks or quail before the first of October will have to steer clear of the minions of the law.

Mr. and Mrs. Dan Fox have returned from their bridal tour in Southern California, and we understand will take up their residence in White Hills.

Cured of Chronic Diarrhoea After Thirty Years of Suffering.

"I suffered for thirty years with diarrhoea and thought I was past being cured," says John S. Holloway, of French Camp, Miss. "I had spent so much time and money and suffered so much that I had given up all hopes of recovery. I was so feeble from the effects of the diarrhoea that I could do no kind of labor, could not even travel, but by accident I was permitted to find a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after taking several bottles I am entirely cured of that trouble. I am so pleased with the result that I am anxious that it be in reach of all who suffer as I have." For sale by H. H. Watkins.

KINGMAN MERCANTILE COMPANY

Wm. Frost came in from Wallapai Springs the first of the week and reported a lion having committed depredations in his flock of goats. It was then that redoubtable lion hunter, Pete White, at the instigation of Mr. Frost, girded up his loins, whistled to his hounds and proceeded to the scene of slaughter. From there the dogs took up the trail and tracked the beast to its den, where Pete was again in evidence and shot the animal—an enormous lioness—through the throat, causing its death a few moments later. Then he penetrated the lion's den and found a litter of four kittens about six weeks old which he captured alive and brought to town. As the territorial bounty on California lions is twenty dollars apiece, this capture of the kittens makes Pete glad. He intends to dispose of the animals to eastern parties as soon as they can be shipped with safety.

In sinking the main shaft of the Occident, at White Hills, below the 600-level an eighteen inch streak of 4.0.0 ounce silver ore has been encountered. The management immediately sent to Chloride for more miners and have employed every idle man in camp. The strike at this depth is an important one for White Hills and proves conclusively that the ledges of this rich group of mines go down.

As we go to press today the sad news of the death of Gideon Cornell is reported. We will give full particulars in our next issue. He has been very ill for some time and his death was not unexpected.

Henry Lovin has sold his business house and lot on Front street to Jose Jerris, who has opened up a saloon and is now prepared to dispense all kinds of drinks at popular prices.

Deputy Marshal Cal. Wilson and M. Redman made a trip to Rich Hill the first of the week to look at a prospect owned by the former named gentleman. They returned Thursday.

There was little interest displayed in Kingman over the Corbett-McCoy fight Thursday evening. Corbett showed his superiority over the Kid by putting him out in the fifth round.

A Lodge of Daughters of Rebecca is soon to be organized in Kingman. The charter has been sent for and the new lodge will be installed with about thirty members.

Abe Thompson, who was sentenced to Yuma for a term of five years for his connection with the Rock Cut train robbery three years ago, has been pardoned.

For furnishing goods go to GADDIS & PERRY, they can supply you and at prices astonishing low. Only at grocer's profits.

The democratic county convention will meet in Kingman next Tuesday to nominate a full set of county officers.

Albert Noli and Joe Martinez are out on a prospecting trip near the old Moss mine.

Chamberlain's Cough Remedy a Great Favorite.

The soothing and healing properties of this remedy, its pleasant taste and prompt and permanent cures have made it a great favorite with people everywhere. It is especially prized by mothers of small children for colds, croup and whooping cough, as it always affords quick relief, and as it contains no opium or other harmful drug, it may be given as confidently to a baby as to an adult. For sale by H. H. Watkins.

We will receive a new car of potatoes and onions in a day or so and they will be the best in the market. Don't forget where we live.

The cattlemen of the Hackberry ranges this week shipped from Seligman and Hackberry twenty-three carloads of cattle to the range recently rented by Crozier and Imus near Bakersfield. The steers will be fattened and sold to the California butchers and the stock cattle will be kept on the range for breeding purposes. Owing to the drouth the major portion of the cattle in Mohave county will have to be shipped out.

The board of supervisors went out to Union Pass yesterday to view the new wagon road across the summit. The road was built with a view to making the crossing of the summit somewhat easier and it is thought that as a result of this work freighting and travel will be diverted into this part of the county, and again it was a necessity, as the road was well nigh impassible for a loaded team.

The Kingman sampling works has been having a much needed overhauling and a new smokestack added recently. During the shut down a large amount of ore accumulated and the management has been running the sampler full time all week in order to catch up.

Several good sales of mines near Eldorado Canyon have been made within the past month. These properties will be developed and reduction plants installed as soon as possible. The mines of that region are big and easily worked.

Considerable material for use in the new depot has arrived and as soon as the structural iron arrives the work of construction will be commenced. The depot will be one of the handsomest on the line of the road.

To the People:

While it is not business to sell goods at cost and less, yet, if others do it, we must, and so our friends and patrons may come along and see as when in need of supplies for we will meet anything in the way of cuts. So don't be scared away from the old stand, but come right along and buy goods of us as cheap as anyone else will sell them.

GADDIS & PERRY.

Quite a number of the Gold Road stockholders arrived from Los Angeles this week and have gone over to the mine. They will return tomorrow and will hold a meeting in Kingman Monday, when they will elect a superintendent and general manager. The company is working one of the richest gold mines in the territory and ought to have it opened up in the most scientific manner. At thirty feet in depth the vein is six feet wide and the ore will average over three ounces gold to the ton. The other mines are showing up equally well.

A. Redewill, representing A. Redewill & Sons, Phenix, was in the city this week in the interests of his firm. Mr. Redewill is becoming quite well known and popular with our people. His firm own an extensive music store and handle the most popular makes of pianos and organs and other musical instruments in the United States. He succeeded in selling several beautiful pianos while in town. He departed for home on the east bound train this morning.

M. D. Rochford and another gentleman made an examination of a mining property in the Gold Basin district this week. The mines of Gold Basin are rich in gold and with a cheap method of working can be made big producers. The lack of water and fuel is the great drawback to the camp, but this will be overcome in the near future.

A trainload of of Wallapais went up to Hackberry Wednesday last to get the first quarterly ration issue. School will open Monday and this is the method employed by the superintendent to get the tribe together for "a big talk" and incidentally to show them the benefits of civilization.

A telegram from Ogilby, California, addressed to Gaddis & Perry, this morning, conveys intelligence of the death of David Bean by the premature discharge of a blast in the Gold Cross mine. David Bean was known to a large circle of miners in this county and his untimely death will be sincerely regretted.

S. C. Bagg and others have located an immense ledge of gold bearing rock just west of the Sheeptrail mines, that will average up with any of the mines of the river range. He will do considerable work on the prospect as soon as the heated spell is over.

J. T. Pendegast is in town from the Green Linnet mine, Todd Basin. He reports that camp prosperous and the miners getting out good ore.

We are pleased to announce to our friends that our business is picking up wonderfully fast and we believe they will be glad to know it.

GADDIS & PERRY.

Our "Dimond M." flour is taking the cake wherever introduced. Don't forget our Dimond M, it is the best.

Metcalfe & Tyrrel are still showing up big bodies of ore on the Great Eastern mine on the east side of the Wallapais. They are now figuring on a road down Wheeler's wash to connect with the old road from Wallapai Springs to Winter's well.

Mark Braffett and several other gentlemen went over to look at a mine near the Billy Bryan group, at Rich Hill, the other day. They claim to have a good looking prospect and will do some work on it.

G. W. Beecher will probably return home from the oil fields of California next week. He has been gone nearly a month and ought to have enough oil land to give the whole community a small sized tract.

The republicans of Kingman held a meeting at the courthouse last Monday evening but we did not learn what action was taken in regard to holding a convention and putting a ticket in the field this fall.

Miss M. A. Sawyer, associate editor of this paper, who has been spending a month's vacation at Manulito, N. M., with relatives, returned home this afternoon much improved in health and spirits.

Errol Bellanfante, who has been at work at the Green Linnet mine for several months past, is in Kingman. He reports the mine looking very well and considerable ore being taken out.

Edwards & Co. leave in the morning for Wallapai mountains where they expect to do some mining on a property from which they have already taken good ore.
